Your Village Your Path

Feasibility Study Public Meeting #1

Mariemont Connector

THE
KLEINGERS
GROUP

Monday August 1, 2022 — OPEN HOUSE 7:00-8:30 PM — presentation starts at 7:20 PM

Mariemont Elementary School Cafeteria, 6750 Wooster Pike

Can't make it on Aug 1? — go to the Village Website and click on link to "Mariemont Connector"

Mariemont Connector
Shared-Use Path Feasibility Study

Meet our Team

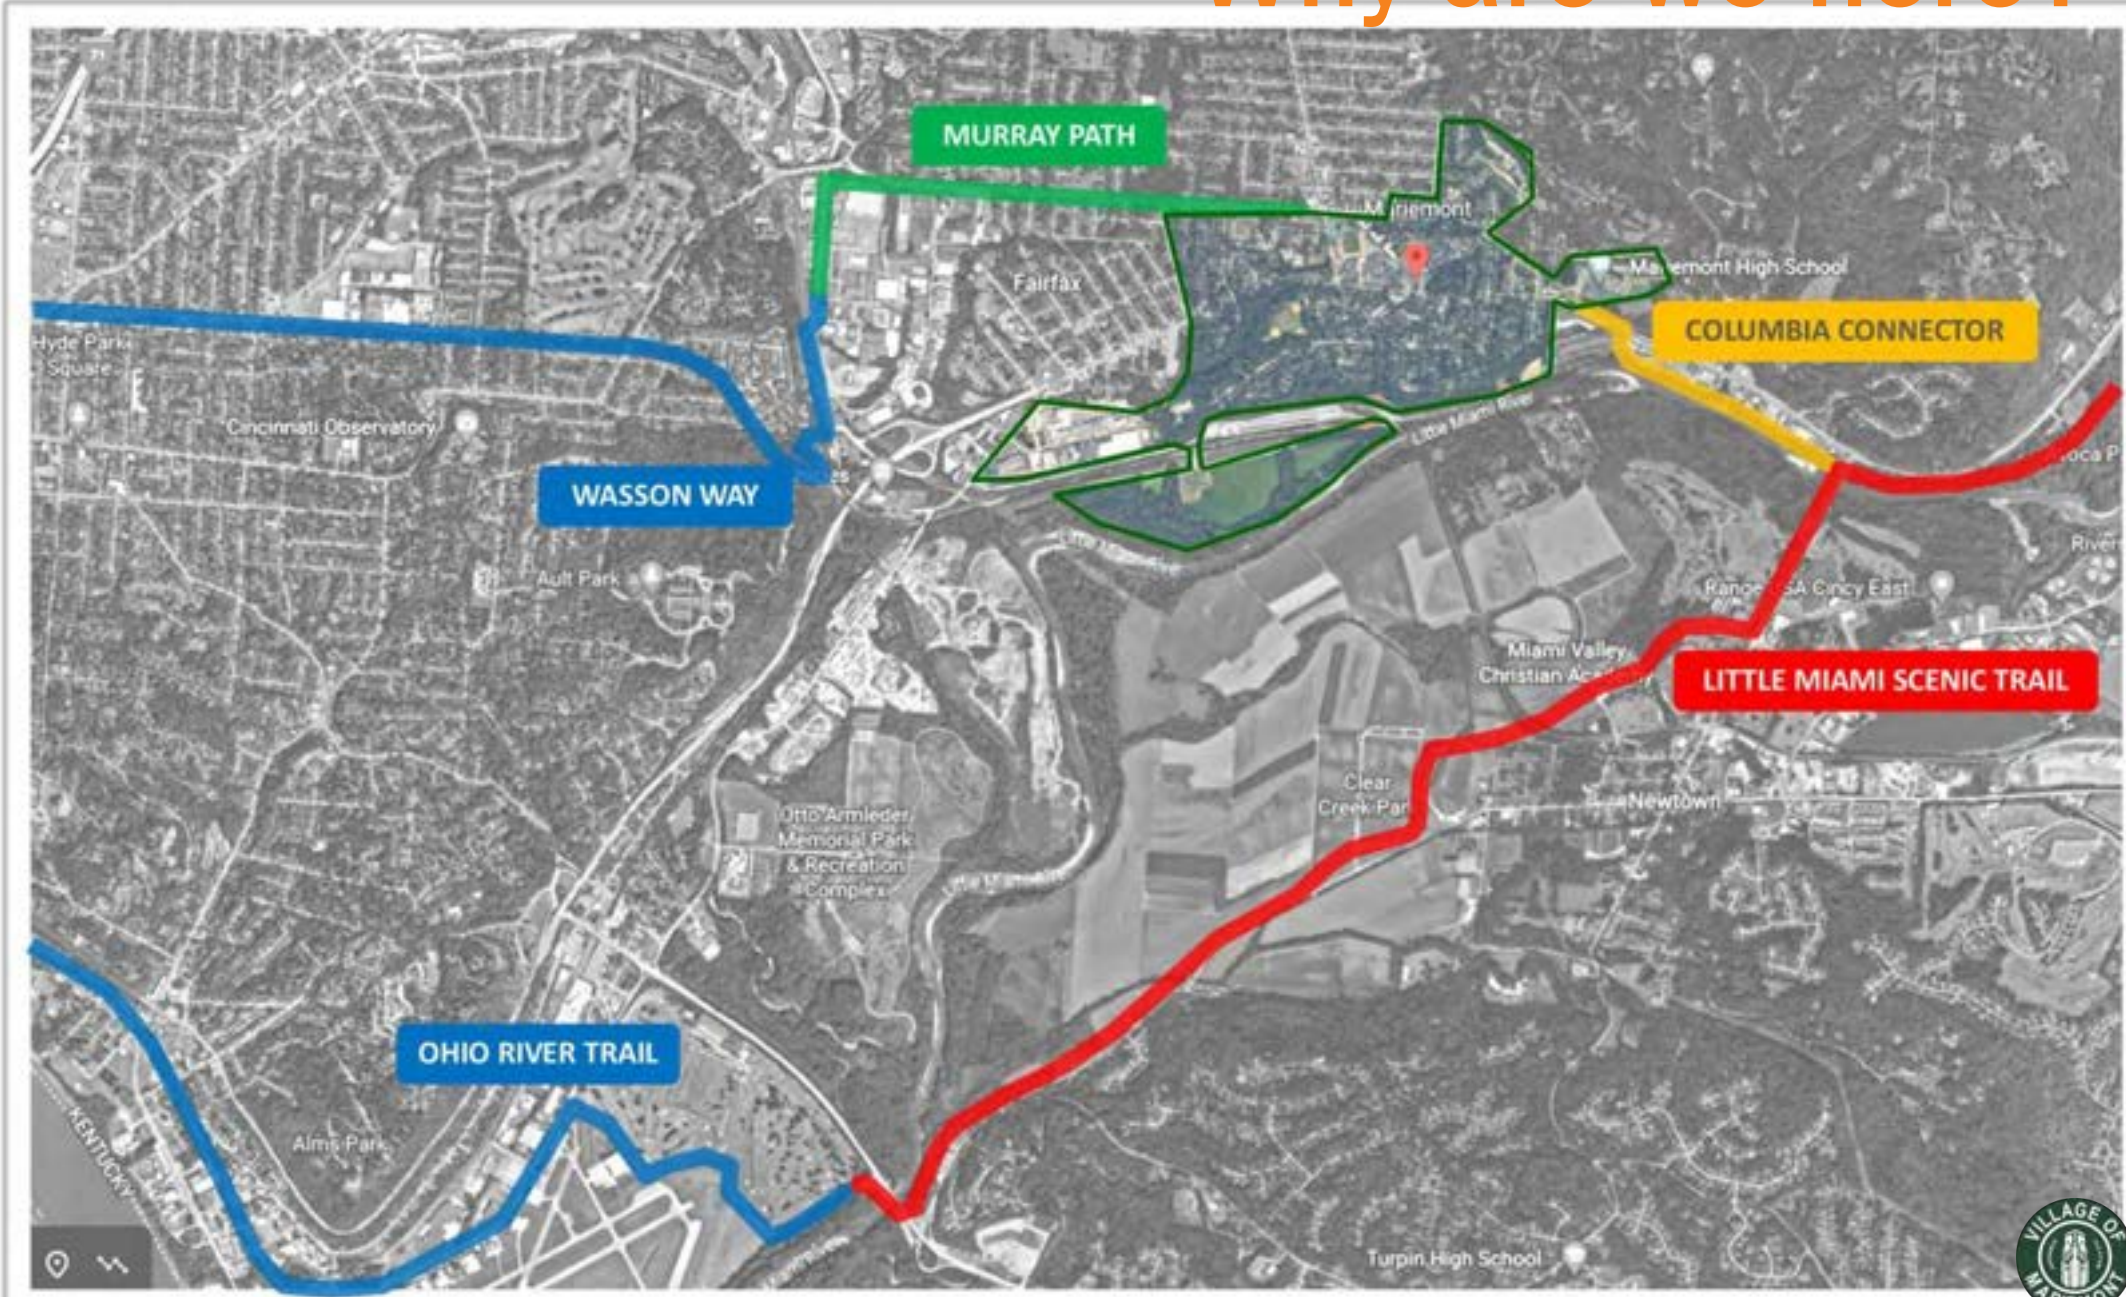

Primary Village Contact:
Chris Ertel, PE

Primary Consultant Contact:
David Meyer, PE

Why are we here?

Your Village Your Path

What's The Plan for the Feasibility Study?

TWO Public Meetings *(this is the first one)*

Ongoing Feedback From Residents *(website/email)*

Feedback From Stakeholders
(police/fire/schools/adjacent property owners, etc.)

Engineering Evaluation *(could it be built, at what cost, red flags)*

What are the Benefits? *(UC Economics)*

Mariemont Connector

Who is Going to Use the Mariemont Connector?

THE FOUR TYPES OF BICYCLISTS

LEVEL OF TRAFFIC STRESS

Level of traffic stress (LTS) is a way to evaluate the stress a bike rider will experience while riding on the road. It is used to categorize roads by the types of riders above who will be willing to use them based on:

- LTS 1** Most children can feel safe riding on these streets.
- LTS 2** The mainstream "interested but concerned" adult population will feel safe riding on these streets.
- LTS 3** Streets that are acceptable to "enthused and confident" riders who still prefer having their own dedicated space.
- LTS 4** High-stress streets with high speed limits, multiple travel lanes, limited or non-existent bikeways, and long intersection crossing distances.

Mariemont Connector

What are we studying?

Possible Routes?

Opportunities?

Challenges?

How Could It Be Funded?

What Can Be Done?

Route Option #1

MURRAY PATH

1

COLUMBIA
CONNECTOR

The “DO NOTHING” (or bare minimum) Option

- Signage
- Crossings

Mariemont Connector

Route Option #2

MURRAY PATH

A Center Path (NACTO) Option

2

COLUMBIA CONNECTOR

NACTO Guidelines for Regulating Shared Micromobility
Version 2 • September 2019

Mariemont Connector

Route Option #3

MURRAY PATH

A Separated Path Option

3

COLUMBIA CONNECTOR

Mariemont Connector

Route Option #4

MURRAY PATH

Southern Shared Street Option

COLUMBIA CONNECTOR

Mariemont Connector

What Else Can We Do?

IF YOU'VE GOT AN IDEA ... WE WANT TO HEAR ABOUT IT

Mariemont Connector

How Can You Provide Feedback?

1. Fill out the Questionnaire Form at one of the tables tonight

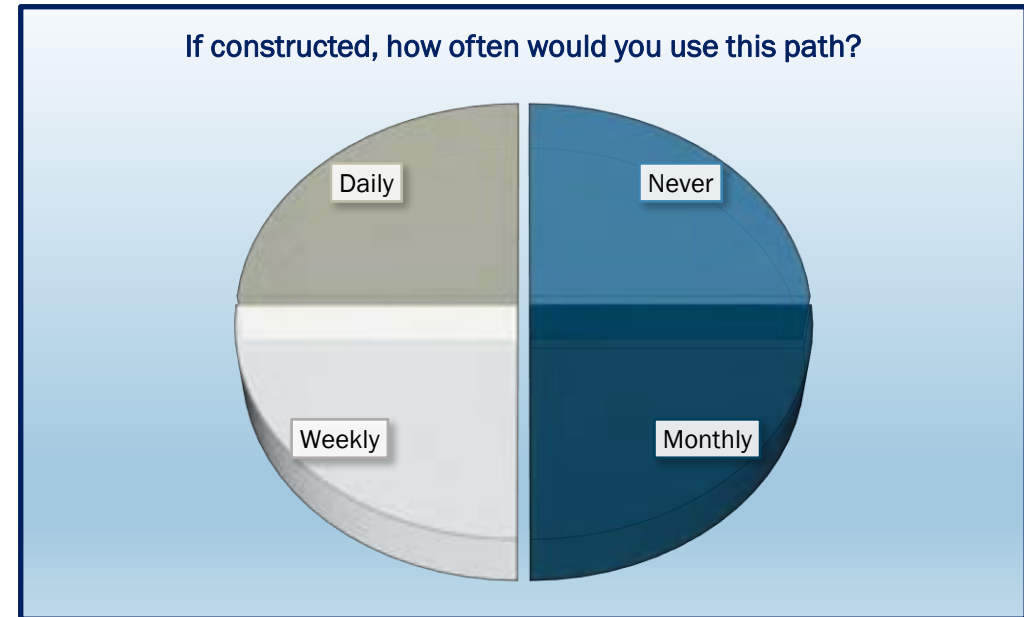

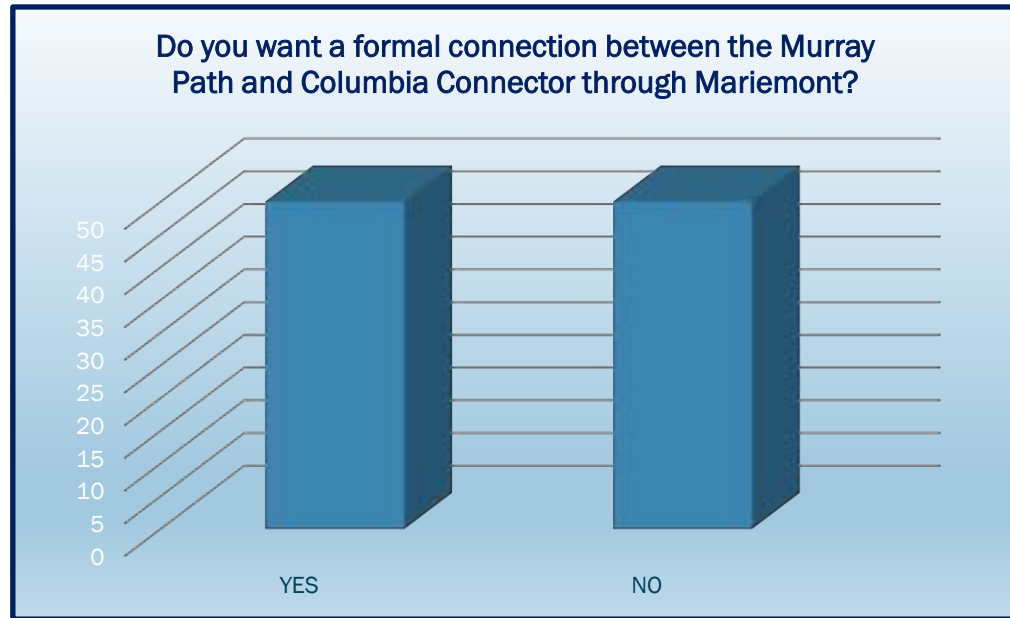

2. Go to the Mariemont Village website ...
Click the link to the "Mariemont Connector" website ...
Fill out the Feedback Form

3. Send an email to:
mariemont.connector@Kleingers.com

Mariemont Connector

Website Updates

What's Next?

Compile
Feedback

Pick 2 or 3
Options to
Study

Meet with
Stakeholders

Engineering
and Economic
Study

**Public Meeting #1
FEEDBACK SURVEY**

Mariemont Connector

Name of Street in Mariemont where you live/work/own property
(optional) Provide email or phone # if you would be okay with us following up with any questions

Do you want a formal connection between the Murray Path and Columbia Connector through Mariemont?

- Yes No

What type of user should the connecting path accommodate? (select all that apply)

- None
 Strong and Confident
 Interested and Cautious
 Children, Disabled, etc.

How important to you is a non-automobile connection from your home/business to the path?

- Not important at all
 Somewhat important
 Very important

Would you or others in your household use a path that was adjacent to moving cars?

- No way
 Maybe, for a short distance
 Only if there is hard barrier protection
 Sure, cars don't phase me

If constructed, how often would you want to use this path?

- Never Weekly
 Monthly Daily

For what purpose would you use this path? (select all that apply)

- I wouldn't
 Recreation
 Retail/Business trips
 Commuting (including to/from school)
 Exercise
 Other _____

Mariemont Connector

What factors are most important to you in route selection? (select your top three)

- Avoids crossing busy roads
- Near shopping/retail
- Near schools and/or other civic facilities
- Protected from car/truck traffic
- Construction Cost/Timeline
- Visibility of Path (not isolated)
- Connects to Parks/Recreation facilities
- Avoids impact to public parking and other existing public facilities

What concerns do you have with a shared-use path through Mariemont? (select all that apply)

- Added vehicle congestion
- Negative impact to public greenspace
- Removal of parking
- Significant change to historical atmosphere
- Not a good use of public funds
- Security/Safety around the path
- Good for only some residents
- Other _____

What benefits do you see with a shared-use path through Mariemont? (select all that apply)

- Improve public health
- Add recreation opportunities
- Connect regional paths
- Connect neighborhoods
- Spur economic activity
- Attract and retain residents
- Expand transportation options
- Increase transportation equity
- Promote environmental sustainability
- Other _____

If you have a route type preference, what is it? (select no more than two)

- No preference
- Shared route on local neighborhood streets
- Protected path through village center adjacent to roadways
- Separated path

If you have a route location preference, what is it? (select no more than two)

- No preference
- Northern route
- Through the Village Center
- Southern Route
